

The New Literacies: What Are They and How Do We Teach Them?

Brandon Reading Council and Manitoba Reading Association
Present

Dr. Donald Leu

Dr. Leu is the co-director of the New Literacies Research lab at the University of Connecticut where he and his team have been conducting research on the new reading comprehension and learning skills required by the Information and Communications Technologies. He is a board member with the International Reading Association and has written more than 100 publications including 17 books on topics ranging from phonemic awareness to children's literature and the new literacies of online reading comprehension.

*Dynamic *Humorous *Timely
