The Manitoba Council of Reading Clinicians Presents ...

DIAGNOSTIC ASSESSMENT: Understanding the Literacy Learner's Needs

Dr. Marjorie Lipson

Marjorie Lipson is deeply committed to improving student performance and school effectiveness in reading and writing. She is currently the principle investigator of the *Vermont Reads Institute*, a consortium of research and development projects focused on improving literacy achievement K-12. She is also the author of *Teaching Reading Beyond the Primary Grades* and co-author of *Assessment & Instruction of Reading Difficulties: An Interactive Approach*.

This presentation will help literacy specialists to develop a framework for diagnostic assessment. Dr. Lipson will share her expertise on using appropriate assessment strategies, interpreting the findings, and developing appropriate intervention to support students' strengths and needs in the classroom.
