Learning that Reflects Real World Practice
Brian Cox, Teacher & Presenter, Southwest Horizon School Division

Friday, June 5, 2009

12:30-3:30

Canad Inns at Polo Park, 1405 St. Matthews Ave, Winnipeg, MB

Brian Cox will be presenting his message about real world assessment (assessment as, of, and for learning) and the many innovative ideas he has for teaching to the individual learner. Brian's thoughts on classroom environment include the following:

- I am passionate about teaching and helping students discover their potential.
- There is lots of energy in my classroom.
- Each wall is a learning area that students can interact with.
- Students are encouraged to take risks with their learning.
- Problems are solved one-on-one, as adults.
- Learning reflects real world practice.
- Lots of hands-on learning. (from Brian's website <http://classenvirofolio.wordpress.com/>)

Do not miss the opportunity to join the Manitoba Reading Association and your colleagues for lunch, and learn about local, provincial and international trends in education. There will be an exciting display of the newest IRA publications for professional development and the MRA Crocus Awards for administrators will be presented. Join leaders in the know and register early.

The cost of the luncheon and session is **\$45.00** (\$35 for teacher candidates).

Receipts will be available on site.
